Tobacco Heart.

Are you "learning to smoke," boys? Learning by heart—"tobacco heart?" Read what a doctor says in the Medical Summary and then enjoy your smoke—if you can:

In smoking tobacco we take in carbonic oxide, several ammonias and a very poisonous oil containing nicotine. The ammonias and nicotine are the substances which by acting in numerous directions are so injurious to the system. The ammonias act on the blood, making it alkaline and fluid, thereby impairing its nutritive property.

The stomach is debilitated and dyspepsia induced. The innervation of the heart is disturbed, its action is weak, irregular and intermittent, and faintness and vertigo are the consequences.

Owing to the disturbances in the blood and heart the process of nutrition is slow, and in the young seriously affected tissue is paralyzed and vision is impaired.

Tobacco is essentially a functional rather than an organic poison. It modifies the special energies and not the structure. Tobacco is eliminated by the kidneys and very rapidly; consequently the bad effects quickly disappear under the proper treatment if, however, the habit is given up.

The preliminary report of Commissioner John W. Yerkes, of the Internal Revenue Bureau, shows that the receipts of internal revenue from all sources for the year ending June 30, 1905, amounted to \$234,187,976, being an increase of \$2,284,195 over the previous year. The expense of collecting this revenue is given approximately as \$4,693,439. The principal items were distilled spirits \$135,958,513, showing an increase of less than \$150,000; fermented liquors \$50,360,553, an increase of over a million and a quarter, and tobacco, with an increase of over a million. No other item yielded over half a million except oleomargarine, which paid \$605,798. In point of revenue collected by the bureau, Kentucky stands fourth, the six highest States being as follows: Illinois, \$51,892,703; New York, \$27,991,572; Indiana, \$24,652,244; Kentucky, \$21,734,309; Ohio, \$19,782,615; Pennsylvania, \$19,196,170. The revenue derived from these States comprises more than two-thirds of the total receipts from all the States and Territories.

Col. James H. Eads, of the Harlan Enterprise, who keeps tab on the morals of Harlan, even if he is not able to bring about reformation, makes the following announcement that the rum demon is busy in the vicinage:

This town has been fast in the claws of whisky during the last three weeks. Old men, young men, wealthy men, white men, Negroes, and perhaps a few modest females have roamed the streets till 2 and 3 o'clock at night, staggering and falling and wasting the vitality of their life, and not a hand has been raised by any one, so far as we know, to put a stop to it.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the Stomach and Liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

A Negro, who had been convicted of criminal assault but had been granted a new trial, was taken from jail by a mob at Waco, Tex., and hanged.

Sick headache results from a disordered condition of the Stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale all druggists.

Our Preachersville Correspondent In Hoosierdom.

CUMBERLAND, IND., Aug. 7.—Before we left Preachersville a few days since, we were obliged to promise several of our friends at their earnest solicitation to "write back a line or two" when we should have nothing else to do. We might say in the beginning that we like the country mighty well to have been here only two weeks and as to the people, they are hard to beat for kindness, intelligence and sociable qualities. We have never been in a better community as regards enlightenment and morality, large, well-built brick school-houses and commodious churches being much in evidence, giving silent testimony thereto. The schools here are all graded schools, of an eight months' term, and with their fine text books, maps and other conveniences are, in this rural community, not one whit behind those in the city of Indianapolis. The churches most all have Epworth League Societies, which are great helps to church work, Sunday Schools and missions. It was our good fortune to get here in time to attend a lawn festival given by the Epworth League in the evening—nice refreshments of all kinds and pretty girls aplenty. In respect to beauty and liking ice cream Hoosier lasses and Kentucky belles are in the same class.

We are royally entertained at the home of Mr. A. C. Laflin, who lived near Stanford some eight years ago. He remembers and inquires about his old friends there. He and his family are doing well in their adopted home, well satisfied with Indiana. His son, Porter Laflin, is serving Uncle Sam in Alaska, the rest of the children are at home. His two daughters, who were little tots when the family left Kentucky, are now both grown young women and quite handsome.

It is distressingly dry, practically no rain having fallen for four weeks, corn looks very well, pastures are dried up. Oats made a good yield, 35 to 40 bushels per acre, and wheat accordingly. This is a nice, level country for farming. Lots of growing timber of all kinds. Farmers tell us there are no fleas here, a flea being as great a curiosity as a rattlesnake, and lizards are unknown. No one can say why there are none of these pests here, but nevertheless it is so. More anon.

B. I. BLANKENSHIP.

KINGSVILLE.

Dr. Warren will resume his school here Monday next.

Mrs. John McKee and daughter, Miss Lydia McKee, are the guests of relatives at Rowland. Miss Annie McKee is attending the institute at Junction City. Mrs. James Roy and son, James, formerly of this place, are with the husband and father at Cotton Plant, Ark. She writes us that it is intensely warm there and the hotel where she is stopping is filling up with yellow fever refugees. She is dreadfully homesick for "Old Kentucky."

Mrs. Fannie E. Carey and Miss Mabel Flint will go to Lexington and Paris for a visit to relatives. Miss Lena B. Reynolds, a handsome young lady of Stanford, was the guest of Miss Virginia Johnson. Miss Lucile Johnson will leave Friday for Verona and Big Bone Springs for the benefit of her health and for an extended visit with relatives. Mrs. W. L. McCarty, who is a sufferer from rheumatism, is spending some time at Olympian Springs. Her sister, Miss Eva Francis, accompanied her. Mrs. Tom Hutchison, of Somerset, was here Tuesday. Mrs. James Floyd and Miss Maude Rowland are the guests of Somerset relatives. Miss Maggie May Flint is the guest of her aunt, Mrs. Cicero Reynolds, at Stanford. Morris Walls is very ill with head trouble. Mrs. Wallace Walter was quite sick, but is improving. Mrs. Eliza Rigney was the guest of McKinney relatives last Sunday. Dr. and Mrs. C. M. Thompson and children are the guests of relatives at Woodstock. Tom Houpp and Robert Smith are here from Somerset. Mrs. Green Murphy was called to the bedside of her mother, Mrs. Falconberry, who has been very ill.

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve, for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at G. L. Penny's drug store, Stanford; Lyne Bros., Crab Orchard; guaranteed.

He will also employ Kentucky workmen.

By the collapsing of a big department store building at Albany, N. Y., it is estimated that from 20 to 30 persons lost their lives. The catastrophe appears to have been immediately precipitated by the sawing of a wooden floor beam, which caused the central pillar of the structure to give way. Over a hundred persons were caught in the debris.

The contract for the construction of the new Kentucky capitol was awarded by the State Commission at Frankfort, to the General Supply and Construction Company, of New York. The contract price is \$880,000 and a bond of \$225,000 is to be executed for the completion of the work within two years from the date the contract is signed. The building is to be of stone from the Bedford, Ind., quarries, with a base of granite.

He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at G. L. Penny's drug store, Stanford; Lyne Bros., of Crab Orchard; price 25c.

HON. RICHARD C. WARREN.

The above is a good likeness of Lincoln's next county judge. He was nominated by the democrats at the December primary and as a nomination by the democrats is equivalent to an election in this good, old democratic county, we feel certain that the prefix of "Judge" will be in order after Jan. 1, next. Mr. Warren is well fitted to fill the office of county judge, being a good lawyer and a just, upright man and we predict for him an enviable record during his incumbency. He was born on the 4th day of April, 1841, and is of English descent, his ancestors having come from Virginia and Maryland; graduated at Centre College, Danville, in 1862, and also at the Louisville Law School in 1866, being admitted to the bar the same year. He was county attorney from 1870 to 1874 and Commonwealth's Attorney from 1880 to 1886, making an able prosecutor; was also a member of the Legislature the session of 1889 and 1890. In these places of public trust his career was brilliant and effective. Mr. Warren is an uncompromising democrat and has been an earnest worker, an able organizer and an eloquent orator in every political battle since 1870, always being in the front ranks, making sacrifices for his friends, always having in view the promulgation of democratic principles and the perpetuity of party organization. His host of friends claim that this long, able and faithful service should be rewarded by gratifying his desire to be county judge, which would be but a slight token of appreciation and a meager reward for his services.

MATRIMONIAL.

There were upwards of 40 additions to the Christian church here recently at the regular meetings. Certainly this is very encouraging to Bro. McMahan.—Somerset Journal.

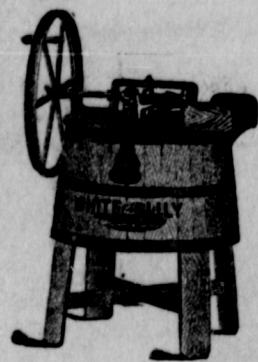

FRIENDS here have received invitations to the marriage of pretty Miss Mary Effie Nuttall, of New Castle, to Mr. Edward Gay Hill, a rising young lawyer of Louisville. The marriage will occur at the home of the bride on Sept. 6.

Galesburg, Mich., has a population of 700 souls. It lays claim to the distinction of having more widows in proportion to its population than any other community in the country. At the present count there are 53 husbandless women and not a grass widow included, although there are many of them in the town.

Miss Mary Stella Ballou and Mr. Ernest Warren were quietly married last evening at the home of the bride's sister, Mrs. John L. Duncan, on Hollywood Avenue. The ceremony was performed by Rev. James O. Shelbourne, of the Central Christian church. Master John Leslie Duncan, Jr., acted as ring bearer. The bride wore a white silk gown with trimmings of valenciennes lace and carried lilies of the valley and bride's roses. After the ceremony supper was served in the dining room, which was beautifully decorated with American Beauty roses, smilax and red shaded candelabra. Only immediate relatives were present. Mr. and Mrs. Warren left on the evening boat for a trip on the lakes, the bride traveling in a tailored gown of gray with hat to match. They will be at home to their friends in Middlesboro after Sept. 1st.

—Toledo, O., Times. The bride is the charming daughter of Eld. and Mrs. Joseph Ballou, of this place, and is as pretty and bright as she is popular. Mr. Warren is a son of Mr. and Mrs. Albert A. Warren, formerly of Stanford, but now of Middlesboro, and is an exceptionally fine young man. The INTERIOR JOURNAL joins the hosts of friends of the young couple in wishing them a long, useful and happy life.

TWO KILLED, TWO WOUNDED.—In a terrific pistol fight at Harrodsburg late yesterday evening Sam Black, Representative of Mercer, and Walter Stotts, a bar-keeper, were killed and Policeman William Britton and another peace officer, whose name we could not learn, were seriously wounded, the first-named probably fatally. The trouble was the result of an old grudge, dating back to an election of some months ago. The town was crowded with fair visitors and excitement was intense there last night.

MURDER AND SUICIDE.—Leslie Chinn, colored, porter of the Tribble House, Junction City, shot and cut his wife to death, left her in VanMeter's lane, between Danville and Junction City, and returning to the latter place shot himself through the head, dying instantly. Jealousy is supposed to have caused the horrible deed. He left a note saying that he killed everything he had to his brother, Henry. He was a good natured Negro, and Mine Host Tribble regarded him as a most valuable employee. His wife was Nannie Gunn, daughter of Henry Gunn, Danville, and they were married last December, this office having printed the wedding invitations.

CONTINUED UNTIL TO-DAY.—The examining trial of James Carter, Richard Chandler, Elmore Siler and Misses Ethel Delaney and Lena Staton, charged with the murder of Cecil Crutche-field at a dance between Ottenheim and Kriger some four weeks ago, was called Wednesday morning and the accused brought into court. After the witnesses for the Commonwealth had been called, County Attorney Harvey Helm asked a continuance on the grounds that two or more of the important ones were not present. The request was granted and the trial set for 9 o'clock this morning. An immense crowd was present and there was general disappointment at the continuance. Mr. Helm is unaided in the prosecution, while the defense is represented by Judge M. C. Saufley, Hons. R. C. Warren and P. M. McRoberts, and Messrs. W. S. Burch and Robert Harding, the latter of Danville. On motion of the attorneys for the defense, the accused were granted guards and Messrs. O. P. Newland and son and Dink Farmer were selected by Sheriff Baughman.

"ENCLOSED find \$1, for which please change the label on 'the cheapest and best.' We are getting along nicely. Arthur is with the Tribune Printing Co. and doing fine. They have a very fine plant. I think they have six machines at work. Us guards have been raised to \$65 per month. We have the best governor and warden ever. Everything is running nicely at the penitentiary now. This is a very large institution. I have been here over four years and yet there are places I have not been. There are between 15 or 20 acres inside the walls," writes our old friend, Mr. L. L. Dawson, from Jefferson City, Mo.

JOINT TEACHERS' MEET.—The joint Teachers' Institute of Lincoln, Boyle and Garrard counties was called to order in the Christian church at Junction City Monday by Supt J. W. Rawlings, of Danville, who delivered an address of welcome and introduced the instructors, Prof. R. N. Roark, of Kentucky State College, and Miss E. E. Alcott, of Indiana. Some 125 teachers were present, Lincoln county showing the greatest number. Supt. Rawlings was made permanent chairman and Miss Ida Ray, of Garrard permanent Secretary, with Miss Annie McKinney of this place, and J. F. Wingate, of Boyle, assistant. The program committee is composed of Profs. R. S. Eubank, of Hustonville, Mannix, of Garrard, Grinstead, of Boyle, and Roark and Miss Alcott. The committee on resolutions is as follows: William Coldiron, Jack Wilson, W. E. McGraw, Joseph Ireland and Misses Nettie Dunn, Amanda Anderson and Sallie Scott. Many subjects are being discussed and the Institute so far has been a most interesting one. The Junction City people are entertaining the pedagogues royally.

SALE of the Crab Orchard distillery, one of the oldest in the State, has been consummated and the property passes into the hands of the Yates-Smith Company, a new firm, which has just entered the whisky market in Kentucky says the Courier Journal. The property was purchased from Julius Kessler, of Chicago. Preliminary arrangements for the sale were made last spring, when the new company occupied the plant at Crab Orchard and operated, it long enough to manufacture a spring crop. The Crab Orchard distillery was built in 1867 and was originally owned by James Levi & Brother, of Cincinnati. While not large, the distillery was used for the purpose of manufacturing a special brand of liquor, which had an extensive sale for several years. Less than 10 years ago the plant was purchased by the Kentucky Distilleries and Warehouse Company, and was later sold to Julius Kessler. Neither the distilleries company nor M. Kessler made any strong effort to operate the plant, and during the last five years it has been used only periodically. For this reason the name of its special brand has practically disappeared from the active market. At present the plant has a capacity of 250 bushels, and the new owners expect to enlarge it extensively in preparation for the fall run. The spring crop was completed about three weeks ago and contracts are already under preparation for a general overhauling of the distillery. The new company is capitalized at \$100,000 and was organized for the purpose of buying the Crab Orchard plant. Several hundred barrels of whisky, now in the bonded warehouse attached to the distillery, are being negotiated for by the new company, but the deal has not been settled. Mr. J. W. James, of Crab Orchard, has managed the distillery for the past 10 or 15 years.

TAKE A LONG WALK
Every Day This Spring.

It will bring you health and beauty. It will put roses into your cheeks; gladness and joy into your heart. Don't neglect it. Should it cause your feet to become tired, sore and swollen, bathe them in warm water and apply Paracamp. It will relieve them instantly. Should the day be windy, don't fail to take a walk anyway. An application of Paracamp upon your return will prevent your face from chapping and keep your skin clear and smooth. When you apply Paracamp to the skin it penetrates directly to the interior cells, stimulates the circulation, oils the muscles, drawing out any soreness or inflammation through the pores of the skin. Paracamp will give your skin a healthy glow, prevent roughness, blackheads, pimples, etc. So don't forget your exercise this spring, and don't forget to use your Paracamp. The two together will make you happy. Every bottle is sold on a positive guarantee. Sold only in 25c, 50c and \$1.00 bottles. The Paracamp Co., Louisville, Ky., U. S. A.

Of the political situation at Lexington the Kentucky State Journal says: The white Republicans, at Lexington are occupying that narrow strip of land between the devil and the deep blue sea. The Negroes have served an ultimatum on them that if they are not given representation on the ticket for municipal offices they will go over to the enemy, and they know if they are given such representation it will drive nearly all the white Republicans from its support. The rats there seem to be in the condition of the fellow who soliloquized:

Which way I fly is hell;
Myself, it seems, am hell;
And in the lowest depth
A lower depth,
Still threatening to devour me,
Opens wide.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at G. L. Penny's drug store, Stanford; Lyne Bros., of Crab Orchard; price 50c.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At G. L. Penny's Drug Store Stanford, Lyne Bros., of Crab Orchard; 50c and \$1.00 guaranteed. Trial bottle free.

A brother of John F. Wallace, late Chief Engineer of the Panama Canal Commission, is quoted as saying that the real reason for the latter's resignation was discouragement over the situation at the isthmus. According to this statement Mr. Wallace considered it questionable whether the canal could be built at all, and the prospect of an enormous loss of life in the prosecution of the work was thoroughly disheartening to him. It is said that no rock bottom at one point along the canal route can be established by experimental borings, and it is intimated that the engineers for the French company practiced a deception when they reported that bedrock had been found.

This fact is well-known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. No. 13.—150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now being described as "The Valley of the South." The timber is becoming more valuable all the time for the reason that lumber prices from the North (where the supply of timber is fast diminishing) are constantly increasing the purchases of timber lands in the South. When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be exceeded; taxes are low, the title is perfect and the man who buys Delta land and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 20 acres to the tract of 10,000 acres to the tract and prices from \$3 per acre to \$16 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when the lands they would acquire are tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
